

CURRENT ADVANCES for Living with SCI

Hosted By:

**United Spinal
Association**

Southern California Chapter

WHEN:

April 21, 2018 • 7:45AM-12:30PM

WHERE:

Sharp HealthCare Spectrum Auditorium

8695 Spectrum Center Blvd. San Diego, CA 92123

PRESENTERS:

- Andrew Skalsky, M.D. – Tone Management
- Edward Wirth, M.D., Ph. D – Clinical Trials of a Cellular Therapy for SCI
- Mark Tuszynski, M.D., Ph. D – Stem Cell Research for SCI
- Kath Dunn, R.N. – Sexuality and SCI

THE MISSION:

The Southern California Chapter of the United Spinal Association's mission is to provide pathways for success connecting individuals with SCI or spinal disorders with resources for employment training, accessible affordable housing, accessible public transportation, peer support and socialization, and issues related to health and wellness. The Southern California Chapter membership is open to individuals, family and friends affected by disability and those who advocate on their behalf.
